GREAT DISCOVERT - It has long been claimed that if we know it, there would be an herb, or a combination of herbs, roots and barks that would bure all the life human firsh is held to. Br. Michely, with a few of his professional friends, have ler, with a few of his perferanced freads, have kept this idea constantly in view, and satored earnestly and perseveringly for years to find this most desirable treasure. Though they have not found as instant cure for all complaints, they have averatheses discohored a remedy, which, as yet, has bever failed in enting Chills and Fever, Dyspensia, and all disconses arising from any impurity of the blood or disarrangement of the digestive organs, including Liver Complaint, Coughs, Colde field in mische, Neuralgia, Nervousners, General Debility and all affections of the Kidneys and Trinary organs. orans.
This great discovery, in honor of the indefatiga-ble labors of Dr. R. Mishler, is called Mishler's Herb Bitters, and wherever introduced takes the place of Quinine and the host of other remedias used heretofore for the complaints mentioned above
